

# OUR MISSION

Since 1911, Union Mission has been a ready, active hand of help to the needy of West Virginia. Our mission is “helping hurting people in Jesus’ name,” and as such, we unabashedly share the gospel of Jesus Christ even as we minister to the physical needs of the downtrodden. We have seen God work in amazing ways through our various ministries to improve lives and draw people closer to Him. All over our state, the Union Mission has gained a reputation of being there for those who have nowhere to turn.

When people come through the doors at Union Mission, they’re often sick, hungry, tired, afraid and lonely. They come to Crossroads and Brookside because they have no home, no support and no family. They have no hope that tomorrow will be better.

At Union Mission, we give hope through action and deed. We offer hope to the mom struggling to feed her children, to the man who lost his job and to the addict desperately needing recovery. Regardless, we let them know we care and they are not forgotten.
