

OUR MISSION

ECS provides education, guidance, and community to individuals and families facing challenges related to poverty, homelessness, mental health disorders, trauma, and substance use disorders. Operating under our mission of serving God by serving those in need, we offer support and services to over 9,000 people in San Diego each year through our six programs which offer counseling, transitional housing, comprehensive child development programs, case management, and therapeutic support. ECS' programs include Head Start and Early Head Start, Para Las Familias, Friend to Friend, Uptown Safe Haven, Downtown Safe Haven, and ACCORD.
