OUR MISSION

Our work is rooted in the belief that all we have and all we are comes from God. It is our Christian responsibility to manage, for God, everything God has offered us. We expect to be accountable to God for our management (stewardship) efforts.

The United Methodist Stewardship Foundation works in cooperation with the Church to spread the Good News of Jesus Christ and teach Christian Stewardship (management) in all aspects of life, in every way we can.

Our goal in this work is to glorify Christ.
