

GREEN RIVER COLLEGE FOUNDATION MISSION

GREEN RIVER COLLEGE FOUNDATION MISSION

Your participation and contributions to the Green River College Foundation provide resources to assist Green River College in achieving academic excellence. The Foundation focuses on four key areas: providing access to education through scholarships, strengthening student achievement through support of retention and completion efforts, building capacity and creating flexibility for the college to respond to emerging needs and capital opportunities.

Thanks to your support, the Foundation annually provides more than 280 scholarships worth approximately \$500,000 to Green River students, honors the sacrifices of veterans by offering financial assistance to help them get started and achieve their educational goals through the Veterans Educational Transition (VET) Fund, prevents students from dropping out due to unplanned financial obstacles by providing the Student Assistance Fund for Emergencies (SAFE), and by investing in projects such as the Enumclaw Branch Campus, KGRG-1 Radio Station, and Campus Corner Apartments which provide students a wide array of learning experiences beyond the typical campus classroom.
