

**COMMUNITY
FOUNDATION**
of Western Nevada

OUR MISSION

The Community Foundation of Western Nevada strengthens our region through leadership and philanthropy by connecting people who care with causes that matter.

Established in 1998 as a Nevada nonprofit 501©3 corporation the Community Foundation of Western Nevada has distributed more that \$90 million in grants and scholarships from more than 220 charitable funds.

When you partner with the Community Foundation of Western Nevada by creating a legacy fund through your will or estate you are making the biggest impact possible. We take care to administer your fund and make sure that grants are sent to your favorite charities or causes exactly as you instruct, forever.

Take your place alongside your neighbors and friends and contribute to your community's welfare. As one donor said, "It is a way of doing in the future what we have always done all our lives." Create a legacy bequest in your will or trust. It is the opportunity of your lifetime.
